"Touching rural lives through better health and educational outcomes"

FROM THE CEO'S DESK

Dear well-wishers,

I'd like to convey my heartfelt gratitude to everyone who has contributed to making people's lives happier and healthier.

You were there for us through it all, and it is because of you that we have come so far.

As partners, we were able to impact the lives of 57,653 people during the 2018-2019 school year. Your assistance not only assists us in building a healthy and safe environment, but also in developing better humans for the development of the nation. Despite the fact that we are on the route to constructing a happy family dream. The assistance provided to Dhara has ensured that the work will improve or that the prominence of people's lives will alter.

The implanted will-power has aided us in banding together for a brighter future. Thank you for your unwavering support, and we hope to continue transforming people's lives together in the coming year.

With faith and goodwill

About Us

Dhara Sansthan has been working in Barmer, Rajasthan for over 30 years, Registered Under Rajasthan Societies Act, 1958 focusing on alleviating poverty and social exclusion. We do this through well – planned and comprehensive programmes via health, education, livelihood generation and disaster preparedness and responses. The primary focus is on generating and sharing knowledge with diverse stakeholders to influence sustainable impact at scale. Our overall goal is the empowerment of women and girls from poor and marginalized communities, leading to improvement in their lives and livelihoods.

DHARA is working since 2002, in the field of social advancement with a mission to promote development for health, hygiene & action for social change. Over the period it has partnered with various stakeholders to deliver development interventions providing exclusive services. Currently Dhara Sansthan is working mostly in Western Rajasthan (Jaipur, Districts of Barmer and, Jaisalmer.) as well as in part of Gujrat (Tharad and Viramgam).

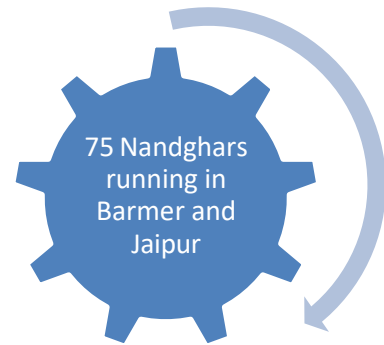

Vision: We envision for the betterment of the vulnerable section of the society through addressing their most impactful need.

Mission: Serving in vulnerable areas of society in such a way that it has an impact on the community and nation development

Nand Ghar

Nand Ghar offers an integrated education for children in the age group of 0 – 6 years, while providing nutrition and hygienic sanitation facilities. Safe drinking water, mobile health vans, nutritious meals, toilets and awareness on practices that promote a healthy atmosphere for mother and child are some of the many facilities of this modern Anganwadi, as the social incubators of educating children and eradicating malnutrition are the most effective way to mobilize the upliftment of communities on a national scale. The other benefits, is the infrastructure of Nand Ghar, which is designed to be fire resistant, damp resistant and earthquake resistant. The prefab structure has the convenience to be built in less than one and half month. Clean energy for a TV and other appliances is obtained from solar power panels that ensure the availability of electricity always.

The Nand Ghars runs as children’s education and health centre in the morning and train women in vocational skills in the second half. A revolutionary measure to eradicate malnutrition in children and create women entrepreneurs across India. An estimated 25 lakh community members’ children to be benefitted through this project each year. These centers are proposed to be run as a shared space in which 50% of the time will be devoted to children’s education and the remaining half will support women’s skill development. ‘Building as a Learning Aid’ a NEW concept piloted by UNICEF, which will feature learning concepts embedded within the structure, that attempts to increase attendance of children.

Mobile Health Van

Mobile Health Van Programme is a health intervention initiative designed by the Cairn India Ltd. and it is being implemented with the collaboration of Dhara Sansthan in the part of Barmer district of Rajasthan. Cairn India has supported Dhara Sansthan for executing MHV project along the pipe line route.

This basic purpose of Crain was to initiate health-based intervention in the pipeline village to address the need of health services and increase its footprints in those villages.

Dhara Sansthan's MHV mission is to develop an optional mechanism for unprivileged and marginalized section of the society with commitment for sustainability and improved quality of healthy life through Mobile Health van programmes.

Emergency Ambulance Service

Most of the areas of Barmer dist. are located in desert area, since the days of beginnings it's very difficult to bring every facility to remote areas. And it was observed that this is a major reason behind the huge gap in health standard across the NANDGHAR constructed area, is extreme remoteness of the villages. As Dhara Sansthan mission is to develop an optimal mechanism for Rural Society, especially disadvantaged rural area sections, with commitment for improved quality of life. We had started the initiative of emergency medical transportation through Ambulance provided by VEDANTA & effective application of local resources in association with community. The main objective of the ambulance service is "to strengthening the health standard and provide quality health services in villages Nearby Nandghar" Ambulance program is well planned and executed for plan per month we are covering totally 25 Nandghar & nearby Villages observed from Ambulance in Barmer district.

चाइल्ड लाइन बाइमेर समन्वयक मोनाराम चौधरी ने बच्चों बताया कि शिक्षा प्राप्त करके देश को प्रगति में आगे बढ़ाने पर नए शिक्षा के माध्यम बच्चों को उत्साहित करने के लिए देश में चाइल्ड लाइन का आयोजन किया गया है। इससे बच्चों का सामाजिक विकास होगा है। इसी दौरान चाइल्ड लाइन टीम सदस्य संजय अली, सुकेश मेहरा, सुप्रभा चौधरी, चामपाल शर्मा ने बताया कि चाइल्ड लाइन 1098

एक आपातकालीन तथा पूर्णरूप से मुफ्त सेवा है, जो कि बेसहारा तथा मुर्खता में बने बच्चों को मदद करती है। साथ ही किसी भी बच्चे को प्रभावित में देखे तो आप अपने 1098 पर कॉल करके चाइल्ड लाइन को 1098 पर कॉल करके सूचित करें। इसके अलावा टीम द्वारा दो सप्ताह में बालक-बालिकाओं को चिकित्सा च महती प्रशिक्षण कराया, जिसमें प्रथम आने वाले बालिकाओं को प्रशिक्षण दिया गया।

Conclusion

To summaries, the year has been exciting and impactful for the organization's growth through several projects.

The significant impact was created through programmes that were rigorously implemented in the field, and it has brought some significant reflection in summarizing our level of satisfaction in contributing towards reaching the poor people of interior village areas with the potential support of Vedanta, Cairn Oil & Gas. Through the combined cooperation of our partners, we were able to launch such an impactful programme in the rural villages of Barmer district, where impoverished people suffer even from fairly common ailments due to poor transportation and isolation.

At the moment, our beneficiaries in the targeted villages are receiving all general medical help in order to live a healthy lifestyle within their own community. DHARA Sansthan is immensely delighted to be a part of this effort after 7 years of Mobile Health Van implementation. And DHARA will be grateful to keep the programme running in the future.

Thank You...
