CEO'S MESSAGE

Welcome to our organizational profile. This document will give you an opportunity to know more about us. This profile will help you understand our history, get to know the organizational leadership and how it's structured it further, highlights our key areas of intervention, approaches and achievements attained over the years.

DharaSansthan as an organization has been strongly founded with the support of its partners, donors, and the entire team. The strong field work and implementation on ground is something we believe in and has always excelled in it. I would like to extend my gratitude to all those who have been associated with us either through direct partnerships or indirect community supporters.

I believe in bringing change through engagement of ground level stakeholders and gaining their trust through good work. Dhara has been doing it through from past many decades and would continue to the same for many more years to come. With an optimistic outlook I would want to congratulate each one of my team members, we have a long journey ahead.

- Mahesh Panpalia
Chief Executive, Dhara Sansthan

INTRODUCTION

“DHARA (Development of Health, Hygiene and Rural Action) is a non-profit developmental organization working since 1989 and acting for rural mass of Thar desert with a unique approach of resource development and creating community assets”

Dhara initiated its intervention in many sectors but the core areas are Health, Education, child Protection, Livelihood, Women Empowerment, Sanitation, Wash & ARSH etc. Dhara is committed to work with the underprivileged section of society by focusing for their upliftment and making them to come into mainstream society so that they lead a life of dignity and self respect. Dhara Sansthan is working mostly in western Rajasthan (Barmer-Jaisalmer, Jalore and Jaipur Dist.) As well in Gujarat (Tharad, Viramgam, Dwarka and Radhanpur).

VISION

We envision for the betterment of the vulnerable section of the society through addressing their most impactful need.

MISSION

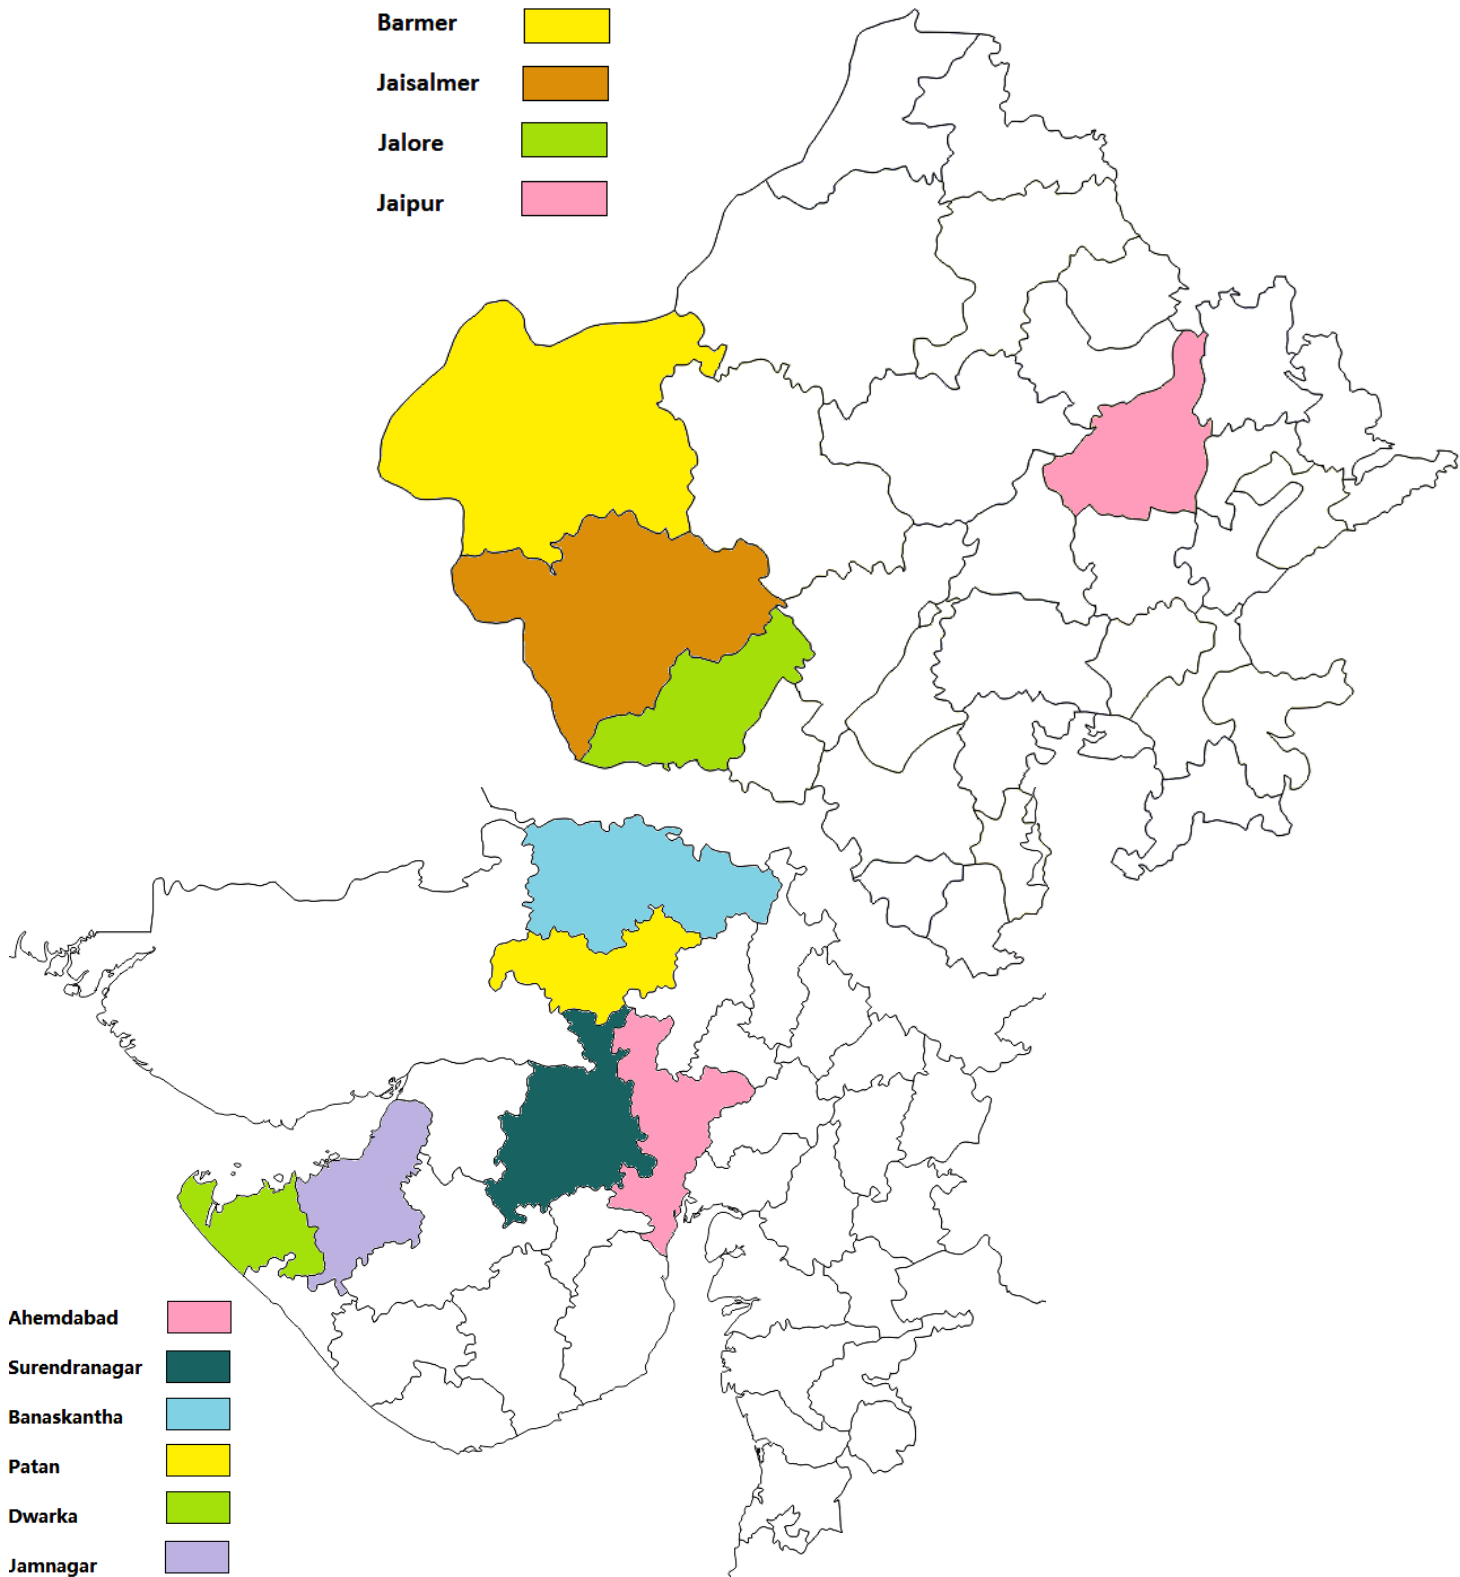

Serving in vulnerable areas of society in such a way that it has an impact on the community and nation development.

Key Objectives:

- Improve health outcomes by boosting utilization of health services at facilities or during outreach sessions.
- To promote good sanitation and hygiene practices in communities by demonstrating and providing sanitary facilities.
- To facilitate sustainable approach for conservation of natural resources resulting in provision of safe drinking water, improved agriculture practices and protection of local environment.
- Harvesting of Rain water, water rejuvenation, reverse osmosis water in Improved Storage structures to provide safe, clean and optimum drinking water for the rural community.
- To increase accessibility to education centre and promote quality of education.
- To improve the socio-economic status of the marginalized community through convergence of indigenous as well as new technology.
- To build professional skill of adolescents/youths through personality development & teaching soft-skills for their holistic growth.
- To bring the deprived section of the society into mainstream of development through mobilization of various available scopes or resources.
- To provide relief services during disaster and emergency situation.
- To collaborate with local stakeholders to increase focus on prominent local developmental issues and provide technical assistance in planning process.

INTERVENING REGIONS

Dhara Sansthan is working mostly in western Rajasthan As well in Gujrat -

OUR CURRENT PROJECTS

S.No	Project Name	Donor Agency	Work Area
1	Mobile Health Van	Cairn Oil and Gas, Vedanta Ltd.	Barmer, Sanchore, Tharad, Viramgam, Radhanpur, Dwarka
2	Water bodies Rejuvenation	ATE Chandra Foundation	Barmer, Jaisalmer and Jaipur
3	Community Helpdesk Centre	Cairn Oil and Gas, Vedanta Ltd.	Viramgam, Dwarka, Jamnagar
4	Women Entrepreneurship	Bosch India Foundation	Jaipur
5	Community Water RO – ATM	Bosch India Foundation	Jaipur
6	Sports Infrastructure	Cairn Oil and Gas, Vedanta Ltd.	Barmer
7	Pre-Education, Nutrition and Relief Initiative	JIV Daya Foundation	Barmer
8	CSR Project – Dormitory Room for KGBV Hostel, Barmer	Petrofac	Barmer
9	Water Safe distribution	FPS & Bulk Liquid Net	Barmer, Jaisalmer, Jalore and Jaipur
10	Mental health Screening	MPower - ABET	Gujarat and Rajasthan
11	Menstrual Health Express Project	UJAAS - ABET	Gujarat and Rajasthan

Mobile Health Van –

We are providing health assistance and quality of life to the remote villages through Mobile Health Van Program. The MHV program is designed & sponsored by Vedanta, Cairn Oil & Gas and presently it's being implemented by DHARA Sansthan since past 13 years.

We are running 7 MHV's (3) Rajasthan & (4) Gujarat. Total 215 villages covering through MHV's.

Activities –

- Medical check ups and regular visits.
- Malaria, dengue and diabetes test.
- Referral- immunization of pregnant women and children.
- Awareness on personal hygiene and sanitation.
- Multi-Special health camps.
- Collaboration with health department and stakeholders.
- Home visit & community mobilization.

Water Bodies Rejuvenation

Last year, we have constructed total 130 Nadis in Barmer & Jaisalmer district supported by ATE Chandra Foundation. This year, Dhara Sansthan aims to rejuvenate 150 waterbodies in Barmer, Jaisalmer and Jaipur.

Activities -

- Base line survey
- Find out the perspective Nadies/Block
- Feasibility study
- Community Meeting with Gram Panchayat and villagers
- Get approval and NOC from Gram Panchayat
- Issue PO and finalized vendor for Excavator/JCB/Tractor
- /Material etc.
- Execute the work as per Plan
- Prepare report and submit

Community Helpdesk Centre

Project Objectives -

- To ascertain the penetration of various GOVT schemes / Yojna's aimed and improving the socio-economic status of the community members through increased linkages.
- Educate the local communities on various GOVT schemes as per their eligibility, scheme benefits and entitlements.
- Provide services to support community members and ease the application process for the various schemes. This will entail benefits are received by the particular beneficiaries as per the entitlement by following up and the respective GOVT officials and functionaries.
- To creating awareness on these welfare schemes by conducting structured IEC activities in the community.

Women Entrepreneurship Project

In view of women's conditions in Rajasthan, economic empowerment is a central area where intervention is needed. Social engagement interventions and women's empowerment are two of the foremost priority areas where we have to work. The project's main goal is to help women break free from the cycle of poverty through empowerment, education, livelihood training, and capacity building of SHG groups. Hence, we have identified and trained women and have provided loan amounts of INR 15,000 which needs to be returned to the Dhara Sansthan in 10 equal installments. This is an interest free loan to start or promote rural women's entrepreneurship in any form, such as livestock purchase, sewing machine use, petty shop purchases, gift shop purchases, general store purchases, etc.—any activity that makes women financially independent. A total of 80 women were identified and trained on basic business management, insurance, and other topics related to the promotion of rural entrepreneurship for women.

Community RO Water ATM's

- 30 RO plants are running on a self-sustainable model
- All machines are Smart Card enabled, each time the holder swipes the card they get 20ltr water.
- Outreach - To ensure the maximum number of people benefit from the project water from the plant are available 24*7.
- Sustainability - The revenue earned by village water committee is used to meet the running expenses of the plant like the salary of the operator, electricity cost, consumables, maintenance and other petty running expenses.
- Awareness: Through Nukkad Natak, Healthcamps & Public Announcement Systems.
- Technological Advancement: Dhara promoted accountability, checks and balances by ensuring cashless transaction through UPI in all the plants.

Sports Infrastructures Program

Dhara Sansthan intends to encourage health and fitness amongst youth. In these lines, Dhara is extending support in terms of improving sports infrastructure, distributing sports kits and goods to selected schools in Barmer District with support of Cairn oil and Gas, Vedanta Limited.

Particulars	Qty.	Location
Basketball court	2	GSSS Baytu, GUPS Kohlaniyo ki Dhani
400m running track	1	GSSS Baytu
Football court	1	Mahatma Gandhi Govt School (English Medium) Station Road Barmer
Sports kits/tools	50	Multiple locations
Sports engagements/misc. Support and tournaments	10	Multiple locations

Pre-Education and Nutrition and Relief Initiatives

With the generous support of the JIV Daya Foundation, we have established a milk center in the impoverished communities of Motinagar and Ramnagar within Barmer district. This initiative caters to 80 children residing in these slums, aiming to impart crucial lessons on nutrition and early education. Furthermore, we extend assistance to 160 families hailing from tribal backgrounds, residing in rural areas, and grappling with severe economic challenges.

Our project's primary objective is twofold: to instill awareness among beneficiaries regarding the importance of education and nutrition, fostering a symbiotic relationship between the two. Additionally, we strive to address the pressing needs of the region's most economically disadvantaged individuals, particularly those from marginalized and extremely impoverished backgrounds.

Through these concerted efforts, we aspire to uplift communities by providing essential resources and knowledge that empower them to break the cycle of poverty. This endeavor underscores our commitment to social welfare and sustainable development, fostering a brighter future for generations to come.

Dormitory Room for KGBV Hostel

Dhara Sansthan is part of a significant initiative under their CSR program of Petrofac. Together, we're constructing dormitory rooms for the girls' hostel, enhancing their educational environment and ensuring a welcoming living space.

The primary goal is to upgrade the existing infrastructure, offering female residents a safer, more comfortable living arrangement. Our approach is comprehensive, aiming to create a secure and pleasant atmosphere within the hostel.

Through Petrofac and Dhara Sansthan's collaboration, we're not only addressing physical needs but also fostering emotional well-being. Our aim is to alleviate any challenges the female students face in their accommodation, empowering them to focus on their studies without distractions.

This partnership highlights the impact of cooperation in community development. By providing modern, well-equipped dormitories, we're enabling young women to pursue their academic goals unhindered by inadequate living conditions.

As construction progresses, we're committed to realizing a revamped hostel that supports the aspirations of its inhabitants. With Petrofac's backing and Dhara Sansthan's dedication, we're poised to make a lasting difference in the lives of these students, empowering them to succeed.

Together, we're not just building structures; we're creating opportunities for growth and empowerment. Through this project, we're laying the groundwork for a brighter future, where every girl can thrive and reach her full potential.

Water Safe distribution

Water, a precious yet elusive essence of our planet, dances within a three-quarter embrace of our globe, its presence both vital and scarce. Despite its ubiquity, the challenge of water remains profound. Hindered by disjointed efforts, individuals' resort to laborious journeys, bearing heavy loads of water from man-made reservoirs, a burden etched with dire health consequences, particularly for women traversing 7-10 kilometers daily.

In recognition of these pressing realities, Dhara Sansthan, in synergy with Flexible Packaging Solution Pvt. Ltd. and Bulk Liquid Net, endeavors to deliver 10,000 WaterSafe solutions across four districts – Barmer, Jaisalmer, Sanchore, and Jaipur – thereby uplifting over 77,000 lives. This initiative promises relief, presenting women with a streamlined solution: a backpack module boasting a 20-liter capacity, complete with a tap structure for convenience and ease of access.

Mental Health and Screening Workshop

We are promoting mental health wellness by organising awareness sessions and screenings for 15,000 people across two each districts of Rajasthan and Gujarat among DHARA Sansthan operational regions in order to be competent of functioning in the health sector. DHARA Sansthan, in collaboration with MPower under Aditya Birla Education Trust, aims to promote mental health awareness in order to address and enable mentally vulnerable and exploited people to be aware of stages of ill-mental health and to provide them with coping mechanisms to overcome the issues.

This campaign promotes mental health vulnerability by highlighting significant challenges that an individual experiences without being aware of the fact that they are vulnerable to ill mental health and advancing the neutrality of not considering if one is not mentally okay and the issues must be addressed.

Sessions are held in various forms in schools and in the community to address the needs.

Menstrual Health Express Project

Dhara Sansthan, in collaboration with UJAAS, Aditya Birla Education Trust, spearheads the Menstrual Health and Hygiene Express Project, aimed at transforming the lives of over 4000 beneficiaries across the districts of Barmer and Jaipur in Rajasthan, as well as Ahmedabad and Banaskantha in Gujarat. This pioneering initiative seeks to address the critical issue of menstrual health and hygiene among women and girls in these regions.

The project revolves around comprehensive sessions conducted by trained trainers, who impart valuable knowledge and skills related to menstrual health and hygiene. These sessions serve as platforms for education, awareness, and destigmatization of menstruation, empowering women and girls to manage their menstrual health effectively and confidently.

One of the key components of the project is the distribution of sanitary pads, with each beneficiary receiving one pad. This ensures access to essential menstrual hygiene products, mitigating the challenges faced by many women and girls in procuring sanitary materials.

Moreover, the project incorporates an innovative approach by deploying an express van dedicated to menstrual health drives. This van travels across the targeted districts, delivering crucial information, resources, and support directly to communities. By bringing the services to the doorstep of beneficiaries, the project maximizes its outreach and impact, reaching even the most remote areas.

Through collaborative efforts and community engagement, the Menstrual Health and Hygiene Express Project aims to break taboos, promote health-seeking behaviors, and foster a culture of menstrual equity and dignity. By uplifting women and girls, the project contributes to broader goals of gender equality, health, and well-being in the regions of Rajasthan and Gujarat.

Our past projects -

Year 1989- 1995

Dhara Sansthan came into inception in 1989. From the time period of 1989 till 1994 Dhara developed the concept of Dharmarth Charitable Hospital. This hospital provided medical treatment to the underprivileged. The staff included Government doctors who provided their service voluntarily. The doctors provided treatment to the patients for one hour each day.

Provisions for medicines were also made available. Medicine samples were taken from respective Medical Representatives. The services were provided free of cost.

Year 1995-2000

Project Name	Donor Agencies	Area
